

5-in-1 Water Test

Rapid test for semi-quantitative determination of 5 different parameters in water:

- » **Nitrates (NO₃-)**
- » **Nitrites (NO₂-)**
- » **Total Hardness**
- » **Free Chlorine**
- » **pH**

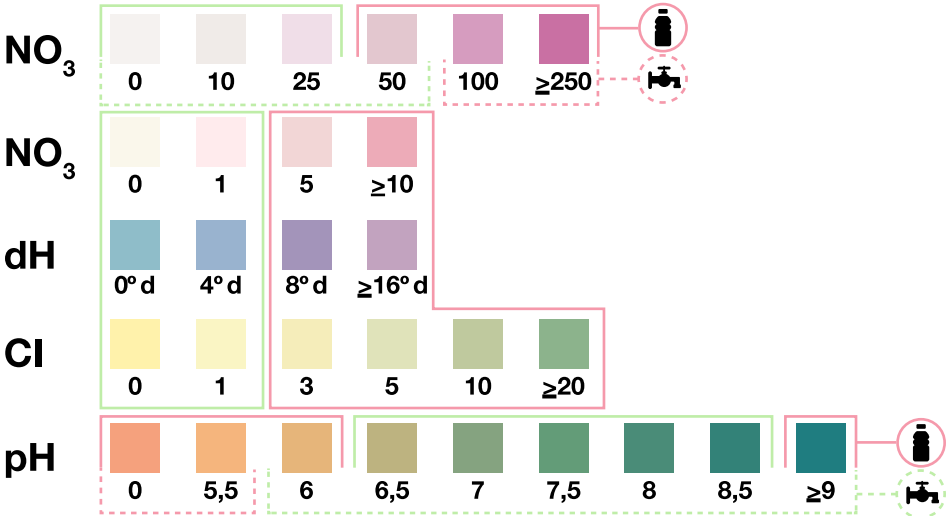

Features

- » Results in less than 2 minutes
- » Easy storage and shipping
- » Format: tube with 25-50 individuals strips
- » Color scale adjusted to every batch

Extremely fast and reliable test to control quality and potability of any type of water.

Color scale: results interpretation

Parameter	Determination range	Sensitivity / accuracy
Nitrates (NO ₃ ⁻)	10 mg/l - > 250 mg/l	0.5 mg/l
Nitrites (NO ₂ ⁻)	0.5 mg/l - >10 mg/l	0.5 mg/l
Total Hardness	4° d - 16° d*	4° d (1.5 mg-equivalent/liter)
Free Chlorine	1 mg/l – 20 mg/l	1 mg/l
pH	5 – 9 pH units	0.5 pH units

*(1° d = 0,3566 mg-eq/l)

Product Name	Ordering No.	Reference No.	Quantity
5-in-1 Water Test	KIT3063	KT-6372	25
5-in-1 Water Test	KIT3064	KT-6123	50
